

# FAIQUE SHAREEF

Lucknow, UP | 7897262631 | faiqueshareef10@gmail.com | github.com/faiquekhan786 | leetcode.com/u/faiquekhan

## PROFESSIONAL SUMMARY

Dedicated Web Developer eager to write clean code, solve complex problems, and build highly responsive web applications. Possesses a solid foundation in HTML5, CSS3, and JavaScript (ES6+), expanded with modern frameworks like React.js and Next.js to create scalable, user-friendly digital experiences. Proven ability to integrate REST APIs and optimize web performance for superior cross-browser compatibility.

## TECHNICAL SKILLS

**Frontend Technologies:** HTML5, CSS3, JavaScript (ES6+), React.js, Next.js, TypeScript, Responsive Design

**Backend & Databases:** Node.js, Express.js, SQL, DBMS, REST APIs

**Programming Concepts:** C++, Java, Algorithms, Operating Systems, Computer Networks

**Tools & Version Control:** Git, GitHub, Web Design, Canva, SEO

## WORK EXPERIENCE

### Web Developer – Rohini Digital Marketing Agency

2026 – Present

- Designed and built robust website architectures with HTML5, CSS3, and React.js, boosting page load speeds by 25%.
- Handled both frontend and backend functionality utilizing Node.js and SQL, reducing server response times by 15%.
- Performed foundational Technical SEO optimizations, enhancing search engine visibility and increasing organic user traffic by 20%.
- Created engaging visual assets, posters, and graphics for 5+ digital marketing and branding initiatives using Canva.

## PROJECTS

### Figma Clone

*Tech Stack: React.js, Next.js, TypeScript, Node.js*

- Developed a web-based collaborative design tool utilizing modern web technologies to enable real-time design interactions.
- Replicated core user interface functionalities and implemented complex state management, ensuring a seamless experience for concurrent users.
- Utilized Git and GitHub for version control, maintaining clean and documented code repositories.

### Personal Finance Management System

*Tech Stack: Full-Stack Web Technologies, REST APIs, SQL*

- Engineered a comprehensive tracking platform to help users securely manage daily expenses and long-term budgets.
- Designed REST APIs for secure data retrieval and optimized SQL database queries to reduce load times by 30%.

### Quiz Application

*Tech Stack: JavaScript (ES6+), HTML, CSS*

- Developed an interactive web application designed for user assessment and dynamic questionnaire rendering.
- Integrated responsive design principles to ensure 100% cross-browser compatibility across mobile and desktop devices.

### Compiler Design

- Conceptualized and mapped core compiler functionalities, applying theoretical computer science concepts including lexical analysis.

## EDUCATION

### Bachelor of Technology in Computer Science and Engineering

2023 – 2026

AIMT Lucknow

## CERTIFICATIONS & LANGUAGES

**Certifications:** GATE 2026 Exam Qualified (Score: 495) | **Languages:** English, Hindi, Urdu
